

Docker + MongoDB

1. Instal·lar Docker

Donat que la comanda donada a l'enunciat (`sudo apt install -y docker.io docker-compose`) m'estava donant error, he entrat a la [documentació oficial de Docker](#) per instal·lar segons el mètode proveït per les fonts oficials:

```
1 # Add Docker's official GPG key:
2 sudo apt update
3 sudo apt install ca-certificates curl
4 sudo install -m 0755 -d /etc/apt/keyrings
5 sudo curl -fsSL https://download.docker.com/linux/ubuntu/gpg -o /etc/apt/keyrings/docker.asc
6 sudo chmod a+r /etc/apt/keyrings/docker.asc
7
8 # Add the repository to Apt sources:
9 sudo tee /etc/apt/sources.list.d/docker.sources <<EOF
10 Types: deb
11 URIs: https://download.docker.com/linux/ubuntu
12 Suites: $(. /etc/os-release && echo "${UBUNTU_CODENAME:-$VERSION_CODENAME}")
13 Components: stable
14 Signed-By: /etc/apt/keyrings/docker.asc
15 EOF
16
17 sudo apt update
```

```
1 sudo apt install docker-ce docker-ce-cli containerd.io docker-buildx-plugin docker-compose-plugin
```

2. Docker compose

Copiem el docker-compose de l'enunciat:

```
javioli@javioliBlanxart:~/Documents/GitHub/DAW/DAW2/DesplWeb/mongo-practice$ cat ./docker-compose.yml
services:
  mongodb:
    image: mongo:latest
    container_name: mongodb
    ports:
      - "27017:27017"
    environment:
      - MONGO_INITDB_ROOT_USERNAME=admin
      - MONGO_INITDB_ROOT_PASSWORD=password123

  mongo-express:
    image: mongo-express:latest
    container_name: mongo-express
    restart: always
    ports:
      - "8081:8081"
    environment:
      - ME_CONFIG_MONGODB_ADMINUSERNAME=admin
      - ME_CONFIG_MONGODB_ADMINPASSWORD=password123
      - ME_CONFIG_MONGODB_URL=mongodb://admin:password123@mongodb:27017/
    depends_on:
      - mongodb
```

Aixequem el contenidor per primer cop (amb les comandes de la documentació inicial, les de l'enunciat estan desactualitzades):

```
javioli@javioliBlanxart:~/Documents/GitHub/DAW/DAW2/DesplWeb/mongo-practice$ docker compose up -d
[+] up 0/12
:: Image mongo-express:latest      Pulling
:: Image mongo:latest [#####] Pulling

javioli@javioliBlanxart:~/Documents/GitHub/DAW/DAW2/DesplWeb/mongo-practice$ docker compose up -d
[+] up 25/25
✓ Image mongo-express:latest      Pulled
✓ Image mongo:latest              Pulled
✓ Network mongo-practice_default Created
✓ Container mongodb               Created
✓ Container mongo-express         Created
```

Accedir a l'administració de MongoDB

Accedim a la finestra d'administració de MongoDB mitjançant la direcció “localhost:8081”, i introduïm l'usuari (“admin”) i la contrassenya (“pass”):

http://localhost:8081
